

Geography in Year 2

Geographical Vocabulary

Word	Definition
Aerial Photo	A picture taken from above, like from a plane or drone.
Physical Features	Natural features of the landscape, such as mountains and rivers.
Human Features	Features created by people, such as buildings and roads.
Landmark	An important or easily seen feature of a place, like a church or tower.
Country	A place with its own government, like the UK or Cuba.
Weather	What the air is like outside (sunny, rainy, windy, etc.).
Temperature	How hot or cold it is.
Hemisphere	Half of the Earth – Northern or Southern.

Wind in the Willows

Symbols are used to show the type of weather expected. Symbols give people a clear and simple understanding of what weather is on the way.

The Place Where I Live

Leicester is home to many key landmarks including the Clock Tower, Abbey Park and the National Space Centre.

Explorers

Havana is the capital city of Cuba.
