

SCIENCE

Year 1 will be learning about the human body and our senses. We will be comparing human features to robot features - looking at differences and similarities. Are we the same as other animals? How good is our sense of smell - taste?

LITERACY

Year 1 We will be writing simple sentences using capital letters, fingers spaces and full stops which can be read by ourselves and others. We will be applying phonic knowledge for reading and begin to recognise 150 high frequency words. Recite poems and rhymes by heart. Develop fluency, accuracy and confidence by re- reading books.

MATHS Year 1 will be looking at place value with in 10. Count objects and represent the numbers. Count forwards and backwards and finding one more, one less. Compare numbers and objects.

ART & DESIGN

We will record and explore ideas from first hand observations and experiment with a variety of media. This will include drawing, painting and printing.

Robots Year 1

RE Year 1 will be looking at the topic families and how all families are different. Belonging to different groups including school. How we belong to Jesus' family and recognise what happen at a Baptism. We will explore the Judaism faith. We will look at the topic waiting and why this is so difficult sometimes.

PE

We will be practising our ball control skills using our feet in the unit attack defend and shoot. In the unit send and return we will be given the opportunity to use our throwing skills.

DESIGN TECHNOLOGY

Design and draw a model of a robot using modelling ideas with kits then making a robot using junks materials.

COMPUTING

Give commands making a path for a toy to follow and navigate.
